

## Devon-centric

Fresha is a privately owned company based in Exeter, in the heart of Devon and we always keep Devon at the heart of our business.

We live and work in Devon because we value our beautiful, diverse surroundings.

We are proud to support the local economy by working with food producers, big or small, to make the most of the superb produce available on our doorstep.

We love what we do at Fresha, and when you're feeding lots of hungry children each day and working to the tightest of deadlines to deliver the freshest food, that's pretty important.

Quality has always been at the forefront of Fresha's business philosophy, and that means fresh produce from hand-picked suppliers who have the same ethos as we do.

Our customers tell us they can really taste the difference, and that's exactly what we are aiming to achieve.

*Serving up fresh & local food for schools*

All Fresha menus are made from local, fresh and nutritious ingredients. Our ingredients are sourced locally or within the southwest region and are visually appealing as a result of our careful selection process. We use seasonal produce and manage a 3-week rotational menu for providing children's meals that contribute to healthy eating and nutritional balance. When designing our menus, we strategically plan meals that are firm favourites in terms of seasonal foods, in addition to being nutritious and healthy.
