

25th September 2020

Thank you for another successful week in school. The weather is changing and getting colder and with it have come the annual visits of coughs and colds! I know people are anxious to do the right thing and not send in children who are ill, but please use the information that has been emailed home to remind yourselves of the common symptoms of colds, flu and Covid 19. If you think your child may have Covid symptoms, then they need to be tested and the whole household should self-isolate until negative test results have been returned.

Routes in and out of school

The new system seems to be working well and causing less congestion at the front gate. Please could I remind everyone that you enter the site through the front gate and then leave via the driveway. If you are accessing a classroom around the back of the building you should leave via the back gate or walk along the driveway to access Summer Lane.

School photographs for Reception

The date for returning the envelopes to order photographs is Friday October 2nd. The order will be submitted before the end of the school day.

Play and Lunchtimes

To keep year groups separate we are using both playgrounds and the field on a rota basis so that each year has one week in every three using the field. No that it is getting a bit wetter, please could children bring wellies to school when it is their turn on the field. **Next week it is Year 6 and Year 3 on the field.**

Scooters and Bikes

It is lovely to see so many children travel to school not using cars, but can I please remind you that no one should be cycling or riding their scooter in the school grounds. This is the same for adults and children. This includes the school driveway. Thank you.

Year Two and Three

This week you will have a letter home about something we are trialing as a way of keeping a record of what children are reading. As the reading diaries cannot really be coming back and forth due to Covid 19, we are looking for a way around the problem. We are using these year groups to try out the system and if it works we will do it across the school!

School Lunches

I hope I will be able to clear up a few things. Anyone can now order a school lunch – paid or free school meals or universal infant meals. If they are paid meals please use the school comms gateway. The menu for next week is on the end of this newsletter. The lunches are hot on most days but we have amended what we are offering as we don't want the carpets covered in gravy and we cannot use the hall as this would burst our bubbles! You will be pleased to see the return of the chicken burger on Thursday!

School Office

We have been two staff down in the office...please bear with us.
