

Does your child have one of these three symptoms?

A persistent cough

A high temperature

A loss of taste or smell

YES

NO

Book a PCR test. Stay home and isolate until the results arrive.
Do not use a lateral flow test for a child with symptoms.

Child is well

Child is unwell

Child can come to school.

Child to stay at home until better.

Positive result

Negative result

- Send your result to us.
- Child stays home for 10 days from the day the test was taken.

- Send your result to us.
- Child returns to school **(only if they are well enough)**.

Child is well

Child is unwell

Tell us, and we will set work for them online.

Tell us, and we will not set work until they are well enough.

Other advice:

- Lateral flow tests are only meant to be used for asymptomatic testing.
- If your child has a positive lateral flow, you need to follow-up with a PCR test.
- When speaking to us, please give us as many details as possible (e.g. dates, types of tests, when symptoms began)
