Dear Parents/Carers,

We have made the decision that we will be moving back to tapestry as the way to set home learning in the event of needing to isolate as a year group or an individual.

If your child was in our Reception then you will be given access to their tapestry accounts again using the same password as you previously used. If you need this password to be reset then please email foundation@willowbrook.devon.sch.uk and we will get an email sent to you from tapestry which will allow you to reset your password. If you are new to our school or have changed your email address then please email us with the following details and we can then ensure that you will receive an email from tapestry with instructions with how to set up your account.

Details needed for new families:

Name of child / Email address / Print name of parent

When you log into your account you will see a profile named 'Home Learning' and this is where all learning will appear if your child's year group isolates. When you have completed an activity or watched a video during a home learning period then please like this using the 'like' button underneath the video or activity. This helps us to keep check on who is able to access this learning at home. You can share your child's learning by adding an observation on your child's learning journal. We will add a video to the 'home learning' profile which will show you how to add photos and videos from home.

In the event that your child needs to isolate and not their year group then you will have a profile added to your tapestry account named 'Individual Home Learning Year One' which will have 10 days of learning on.

If you have any questions then please get in touch.
