Willowbrook School   Achievement 2018-2019

Schools have to report on the attainment of pupils at the end of Reception, in phonics in Year 1, at the end of Year 2 and the end of Year 6 (commonly known as SATs).

Reception

At the end of Reception we look for the number of children who have a Good Level of Development (GLD) and compare ourselves to figures nationally.

Number of pupils in year group	% achieving a GLD in school	% achieving a GLD nationally
59	61%	71%

Phonics screening in Year One

In Year One the children are assessed for their knowledge of phonics and are then judged as having met the expected standard or not.

Number of pupils in year group	% achieving the expected standard in school	% achieving the expected standard nationally
40	82.5%	81.9%

Year Two

In Year Two the children are assessed in reading, writing and maths.

57 pupils	Reading		Writing		maths	
	School	National	School	National	School	National
Achieving expected	65%	75%	52%	69%	68.4%	75.6%
Working at greater depth	26.3%	25%	7%	14.8%	24.6%	21.7%

Year Six

In Year Six the children are assessed in reading, writing, maths and grammar, spelling and punctuation. We look at how many children achieved the expected level in each subject and how many achieved this in all three of reading, writing and maths together. We also look at children who are working at greater depth.

	Reading		Writing		Maths		Spelling, grammar and punctuation	
	School	National	School	National	School	National	School	national
Working at the expected level	73%	73%	60%	78%	76%	78%	62%	78%
Working at greater depth	27%	27%	16%	20%	22%	21%	22%	36%
Average scaled scores	105	104			104	105		
53 % achieving expected in reading, writing and maths combined (national is 65%)								
11 % achieving greater depth in reading, writing and maths combined (national is 11 %)								

As well as attainment, we look at the progress children make and measure it from the end of Year Two up to Year 6. A score of zero indicates expected progress.

Progress scores KS2	Reading	Writing	Maths
	1.2	-3.08	-0.7
